FLUENCY DISORDERS

Official Journal of the International Fluency Association

Volume 18, 1993

Contents

Richard R. Martin Symposium on Behavior Modification and Stuttering

WILLIAM H. PERKINS
The Early History of Behavior Modification of Stuttering: A View from the Trenches 1

RICHARD F. CURLEE
The Early History of Behavior Modification of Stuttering: From Laboratory to Clinic 13

JANIS COSTELLO INGHAM
Current Status of Stuttering and Behavior Modification—I: Recent Trends in the Application of Behavior Modification in Children and Adults 27

ROGER J. INGHAM
Current Status of Stuttering and Behavior Modification—II: Principal Issues and Practices in Stuttering Therapy 57

RICHARD MARTIN
The Future of Behavior Modification of Stuttering: What Goes Around Comes Around 81

GERALD M. SIEGEL
Stuttering and Behavior Modification: Commentary 109

C. WOODRUFF STARKWEATHER
IFA News 115

Proceedings of the NIDCD Workshop on Treatment Efficacy Research in Stuttering, September 21–22, 1992

BETH M. ANSEL
Treatment Efficacy Research in Stuttering 121

LESLEY B. OLSWANG
Treatment Efficacy Research: A Paradigm for Investigating Clinical Practice and Theory 125

ROGER J. INGHAM
Stuttering Treatment Efficacy: Paradigm Dependent or Independent 133

C. WOODRUFF STARKWEATHER
Issues in the Efficacy of Treatment for Fluency Disorders 151

CHRISTY L. LUDLOW and ALLEN BRAUN
Research Evaluating the use of Neuropharmacological Agents for Treating Stuttering: Possibilities and Problems 169

EVE K. MOŚCICKI
Fundamental Methodological Considerations in Controlled Clinical Trials 183

EHUD YAIRI
Epidemiologic and Other Considerations in Treatment Efficacy Research with Preschool-Age Children Who Stutter 197

SUSAN M. FOSNOT
Research Design for Examining Treatment Efficacy in Fluency Disorders 221

EDWARD G. CONTURE and BARRY E. GUITAR
Evaluating Efficacy of Treatment of Stuttering: School-Age Children 253

HOWARD D. SCHWARTZ
Adolescents Who Stutter 289

GORDON W. BLOOD
Treatment Efficacy in Adults Who Stutter: Review and Recommendations 303

RICHARD F. CURLEE
Evaluating Treatment Efficacy for Adults: Assessment of Stuttering Disability 319

DAVID PRINS
Models for Treatment Efficacy Studies of Adult Stutterers 333

PETER R. RAMIG
The Impact of Self-Help Groups on Persons Who Stutter: A Call for Research 351

IRENE DOODY, JOSEPH KALINOWSKI, JOY ARMSON, and ANDREW STUART
Stereotypes of Stutterers and Nonstutterers in Three Rural Communities in Newfoundland 363

Commentary

EUGENE B. COOPER
Red Herrings, Dead Horses, Straw Men, and Blind Alleys: Escaping the Stuttering Conundrum 375

HUGO H. GREGORY
A Clinician's Perspective: Comments on Identification of Stuttering, Prevention, and Early Intervention 389

Letters to the Editor

OLIVER BLOODSTEIN
Communication Attitudes of School-Age Stutterers 403

GENE J. BRUTTEN and MARTINE VANRYCKEGHEM
The Development of Stuttering: A Reply to Bloodstein 407

C. WOODRUFF STARKWEATHER
IFA News 411
